W270	Temperature range: bis 85 °C	

The assessment reports listed under Test Reports are an integral part of the confirmation of conformity. The confirmation of conformity is valid from date of issue and remains valid as long as the requirements listed under "Notes" are met.

#### Notes

The confirmation of conformity was issued on the condition that the raw materials used to manufacture the product or rather their composition and/or components, including the latter's manufacturer and supplier chain have been disclosed in full and no other substances are contained in the product. The validity of this document expires in the event of modifications to the composition of the product or to the processing conditions that were not coordinated with the certification body and in the event of non-compliance with the conformity requirements as well as in the event of termination of the 1+ system monitoring programme of certification body and manufacturer.

The results of our tests and the assessments apply to the test items examined and the statutory regulations valid at the time of testing. Without our express written approval, this document may only be published or reproduced in complete and unaltered form.

This confirmation of conformity is only valid in conjunction with a corresponding entry in the Internet directory of DVGW CERT GmbH (<http://www.dvgw-cert.com>). The confirmation of conformity remains the property of DVGW CERT GmbH and must be returned to DVGW CERT GmbH upon request.

#### Hints of Utilization / Remarks

##### *Verwendungshinweise / Bemerkungen*

The hygiene suitability for drinking water is proven with "DVGW certificate of conformity hygiene" according to "Recommendation for attestation of conformity of product hygiene suitability for drinking water" of German Federal Environment Agency (Umweltbundesamt):
